Cristal's Innovative Success Program

JEE (Main+Advanced) / Medical Exams Foundation
& Excellence at School

HEADSTART TO SUCCESS

You don't have to wait till
Class XI to start preparing
for **IIT- JEE/AIPMT**

THE SOONER YOU START, THE BETTER YOU'LL PERFORM IN IIT-JEE/AIPMT

Exams are the extremely stressful event in student life, and the only way to deal with them satisfactorily is to be well prepared. The preparation time and level varies from one exam to the other. With ideal preparation and timely training, one can learn to make the most out of whatever time is available for preparation.

Early Preparation

IIT-JEE is considered to be the toughest engineering entrance examination due to its vast course outline, complex question papers and strict marking structure. It takes rock solid preparation to crack this test in one attempt.

Hence, sincere students aspiring to secure a seat in the IITs should realise the importance of starting to prepare at an early stage. The sooner you start, the better you'll perform in the JEE/AIPMT.

CRISP

Cristal's Innovative Success Program

CRISP is designed exclusively for students who are aiming to attain a high rank in the competitive examinations. The most experienced faculty at New Cristal Academy remains focused towards providing students a smooth transition from school and board level to competitive level of study and preparation.

The syllabus of Class IX in science and maths provides the fundamental building blocks of JEE (Main+Advanced) / Medical and other competitive exams syllabus.
